CORPORATE MATCHING GIFTS

Northeastern State University and the NSU Foundation gratefully acknowledge the support of local and national companies that match employee giving on a one-for-one, two-for-one, or three-for-one basis. Through this program, the university's alumni, parents, and friends can multiply their gift dollars and the impact of their gifts on academic programs.

To take advantage of a company's matching gift program, an employee requests a matching gift form from his/her corporate giving office and sends it in with the gift. In the 2006 calendar year, the following companies and corporate foundations provided matching gifts to the NSU Foundation.

AT&T Foundation
American Electric Power Service Corp.
